## VOLUNTEER COMMITMENT

A huge thank you to all our volunteers for the Ermineskin Community Craft Fair. It was a smashing success. We appreciate the time and effort that this took but know that your time was truly valued.

## DUTY DAY HOW TO

Duty Day. I know that sometimes it can seem overwhelming the thought of doing duty day. It truly is quite simple and can be lots of fun getting to see how your child learns and interact with others. Here is how duty day works:

- Arrive 15 minutes early .
- Upon arrival sanitize bathrooms and communicate with instructors if there is anything else that needs done to prep for class that day.
- During class interact with all children and help to maintain classroom order
- Prep snack
- Assist during gym time and clean up the classroom during this time
- Read stories to children as they wait for their parents

If you cannot make it for your duty you can arrange with ANY adult (family member or close friend or a fellow parent in your class) to take over for you. If you do switch duty days with another parent, please mark the calendar in the hall so teachers know who to expect. Please make sure to arrange this before hand. Our instructors rely on parent help with so many kids in the classroom.
